SUMMARY

Highly motivated and dedicated Front End Developer passionate about creating interactive, user-friendly web applications. Proficient in HTML, CSS, JavaScript, and ReactJS, with a strong foundation in web infrastructure design. I am committed to continuous self-improvement while looking to leverage problem-solving, code optimization, and project collaboration capabilities to produce applications that exceed user expectations.

PROJECTS

Portfolio Website | www.cre8stevedev.me

- Designed and developed a personal website showcasing various projects
- Utilized HTML, CSS, and JavaScript (ReactJS) to create an interactive and visually appealing user interface.
- Improved user experience, website functionality, and cross-browser compatibility.

GreenShopper eCommerce Project | greenshopper-steven.onrender.com

- Developed and implemented a responsive user interface with ReactJS and TailwindCSS. Enhanced user feedback with the react-toastify library.
- Mastered state management using Redux and Redux Toolkit for complex data flows. Managed product image uploads and storage through Firebase integration.
- Developed secure APIs using ExpressJS for user authentication, authorization (JSON Web Token), and data management.
- Established seamless database interaction with Mongoose and MongoDB Atlas.
- Honed debugging skills using Postman for API testing and troubleshooting

Healthor AI Medical Diagnosis | healthor-ai.netliffy.app

- Implemented API Integrations with OpenAI, LocationIQ, and LeafletJS Map Library. Completed a complex final-year project under academic pressure and within defined deadlines.
- Demonstrated strong problem-solving and debugging skills throughout the development process.
- Developed a landing page, and conversational interface with HTML, CSS, and ReactJS

EDUCATION

- Bachelor of Science in Computer Science | 2020 - 2024
National Open University of Nigeria

COURSES AND CERTIFICATIONS

- Certificate in Full Stack Software Engineering | Alx Africa (In view)
- Certificate in Responsive Web Design | freeCodeCamp Dec. 2022
- Fundamentals of Graphic Design | Coursera Nov. 2022

TECHNICAL SKILLS

Semantic HTML5	CSS3	Tailwind CSS	Sass
JavaScript (ES6+)	ReactJS	NextJS	Design
Node.js	Express.js	Redux Toolkit	MongoDB
REST APIs	Figma	Python	Linux
Web Infrastructure	Version Control Systems (Git)		Web Accessibility

SOFT SKILLS

- Excellent problem-solving and analytical abilities
- Self-motivated and eager to learn new technologies and frameworks
- Strong written and verbal communication and Collaboration skills
- Detail-oriented with the ability to meet deadlines and handle multiple tasks
- Ability to research effective solutions to troubleshoot problems
